References

Reiner Polska company belongs to the Reiner Group, Spanish companies with more than 80 years of tradition.

We cooperate with Partnerstwo PPP in the field of accounting, tax and legal advisory services. The main positive side of the cooperation is complexity of the services, which simplifies running the activity and allows saving a lot of time. The team is very engaged and determined in solving any problems and acts professionally.

In our opinion Partnerstwo PPK is verified and worth recommending.

Z poważaniem
